Principal's Message

Dear Hurricane Parents and Students

On behalf of our entire faculty and staff, I express my appreciation to our students for an extraordinarily successful school year. Although I have only been here a short time, it is clear Palm Harbor University High School is fortunate to have so many outstanding students, superb teachers, dedicated staff, and supportive parents. This wonderful combination resulted in an educational culture that has made Palm Harbor University High School one of the most recognized and sought-after high schools in the State of Florida.

Palm Harbor University High School would like to recognize the Class of 2021, for the many positive contributions they have given to our great school during such a unique time period that we have faced over the course of their Junior and Senior years. Their dedication, commitment to excellence, and senior leadership will be missed next year. We wish all of our graduates continued success in all of your future endeavors.

Thank you all for your assistance in making this school year a success. Parents, this success would not be possible without the support that you have shown PHUHS. Thank you for all that you do for Palm Harbor University High School.

Go Canes!

Summer Reading Assignments

All University, Medical and IB students enrolled in English I-IV in Regular, Honors, AP or Comp I/II level have a summer reading/writing assignment that must be completed by the first day of fall semester.

Starting in late May, the assignments will be posted by program and grade level on our www.phuhs.org web page for students to access. Look for the **SUMMER READING** tab on the right hand side.

Students who change courses over the summer or switch into a different program are expected to update their summer reading plans as well and be prepared with the listed items from the new course and/or program. If you are on a waiting list for a program it is a good idea to be prepared with that course work in the event your student gets called up right before school starts.

If you have questions regarding which course you are enrolled in, please contact the Guidance Dept. at the school. If you have questions regarding which magnet program you are enrolled in please contact the district student assignment office. If you have questions concerning the actual summer reading assignment, please contact the Language Arts Dept. Chair Andrea Weaver at weavera@pcsb.org.

Thank you and have a great summer!
